experience working with **individuals**
and **businesses** to preserve wealth
through **tax and estate tax planning.**

Tax Time...

Estimated Tax Payment Reminder

For those individuals who are required to remit quarterly estimated tax payments, the 3rd quarter estimated tax payment deadline is September 15th. If we may assist you with the filing of your vouchers, please do not hesitate to call.

Asset Protection Planning

Asset protection planning is the process of lawfully protecting your personal and/or business assets from creditors and/or law suits. We all need some type of asset protection planning. No one should wake up one day to find a potential threat against their assets (including their business, real estate, vehicles or even their personal residence). If you do not have an asset protection plan in place, we will be happy to work with you and your attorney to create a plan that works to protect those assets you have worked hard to obtain.

Utilizing legal entities such as LLC's, trusts and corporations with proper ownership structure, proper debt structure, and insurance can protect your assets. If you would like to get started on an asset protection plan, give us a call.

New Mileage Rate

In response to record-high gasoline prices, the IRS has announced a change to the standard mileage rate.

Effective July 1, 2011 and continuing through December 31, 2011 the business rate is 55.5 cents per mile and the medical and moving rate is 23.5 cents per mile.
